Result of action by the city
Tuesday evening the Green-
castle tax rate for 1942 was fixed at
four and one-half cents when the group adopted
the proposed budget. This is a re-
duction of one cent from the present
rate. The budget will receive further
action next week when it is
presented to the Putnam County Tax
Commission Board.

Discussion of the new budget,
which proposed an increase of \$418
in the heads of the police depart-
ment and street department, was
transferred to the next meeting.
Counsellman Robert Stoner,
who was seconded by Council-
man R. Neal.

Increase of \$1 weekly for three
police officers, and two
of the street force, was
also transferred to the next
meeting.

For the organization runs from
the year the council appropriated
for the band which covered ex-
penses as well as providing money
for the efforts of the musicians.

The council did not see fit
to increase this amount and
voted at \$100 in the new budget.
The business to come before the
council included the claim ordinance
introduced by Councilman
Welch. Lawrence Crawley,
director, was given permission to
rent a 5-room house and garage at
south Indiana street at an esti-
mated cost of \$4,000. Joe Crosby
granted permission for altera-
tions amounting to \$500 at the First-
Bank.

Mr. W. D. James stated that he
received a letter from the Monon
company asking permission
to move the watchman at the north
street crossing which is also
regulated by signal lights. As this
was an old city ordinance which
he repeated to grant the re-
peal of the railroad, the matter was
over until the next meeting in

TOTS DIE OF BURNS WHEN PLANE CRASHES

HEMPSTEAD, N. Y., Sept. 3.—
(UP)—Three children died in agony
last night from burns suffered when
an army fighting plane crashed, ex-
ploded and showered them with flam-
ing gasoline as they played in front
of their homes.

Georgene Kramer, six, was riding
a tricycle and Casper Cuccio, five,
and his sister, Pauline, seven, were
nearby when the plane streaked
down, belching smoke, and struck the
street with its motor roaring, en-
gulfing all three in flames.

The wreckage exploded with the
force of a bomb, blowing out win-
dows in houses and stores. The plane
was a Bell Airacobra, one of the
deadliest fighting craft in the world,
capable of diving at 500 miles an
hour. The pilot, Second Lieut. Roy
W. Scott, had bailed out at 300 feet
when it caught fire, and landed in a
tree a block from the tragedy, at-
tributable indirectly to the war,
nearly was a worse one. Eight other
children in Joseph Giannone's nearby
barber shop were sprayed with oil
from the plane but escaped injury.
Two bystanders, Arthur Weston and
Ernest Zi Berna, were burned while
carrying the three children from the
fire and tearing off their burning
clothes.

Georgene died four hours after the
crash. Casper lived another half
hour. Pauline died at midnight, 10
hours after the crash.

H. S. Band Plays At State Fair

MARCH IN PARADE OF BANDS
FOR SECOND CONSECU-
TIVE YEAR

The Greencastle High School Band
went to Indianapolis this morning at
8 o'clock to play at the Indiana State
Fair. This is the band's second year
to appear in the array of the state's
most prominent bands.

The 65-piece outfit displayed much
talent as they paraded with some 30
other bands and marching organiza-
tions. Drum Major Jack Rinker led
the G. H. S. Band in the Parade of
Bands at 11 o'clock. He was assisted
by drum majorettes Libby Rogers
and Emma Jane Konklin.

The band was given a great ovation
as it marched around the race
track and maneuvered in front of the
grandstand. Much praise is to be
given to the band members for their
rapid improvement under the direc-
tion of Gene Pennington, who accom-
panied the organization.

LOCAL SAFETY ORGANIZATION MEETING HELD

CONSTITUTION AND BY-LAWS
WERE ADOPTED TUESDAY
EVENING IN CITY

STATE POLICEMEN SPEAKERS

Civic And Industrial Groups Repre-
sented In Session At Putnam
County Court House

Civic and industrial organizations
were represented at the court house
Tuesday evening at the meeting of
the Central Safety Council at which
time the constitution and by-laws
were adopted. The purpose of the
organization, according to the con-
stitution shall be to "prevent acci-
dents to the public by providing ways
and means of improving the general
safety and welfare of the citizens of
the community by promoting a pro-
gram of public safety education and
securing the cooperation of the offi-
cials of the city, county, service
clubs, schools, industrial plants and
others whose influence should be
directed toward the elimination of
unsafe conditions recognized by the
council."

Preceding the adoption of the con-
stitution Sergeant Roscoe Roe of the
Kokomo Metropolitan Police and Ser-
geant Elbert Huginin of the Putnam
County Police made interesting talks
on safety. Sgt. Roe, who came to
Greencastle on his own expense to
stress the importance of an organiza-
tion of this kind, said, "In the five
year period preceding 1928, ten
school children of Kokomo were
killed in accidents, however, only
one had been killed since 1928 when
the school patrol was adopted." He
strongly urged a safety organization
for what it means in the protection
of life and property of a community.

Sergeant Ernest Huginin also
stressed the necessity of safety edu-
cation and referred to the nine
deaths occurring in Putnam county
this year all of which can be attrib-
uted to disregard of good traffic
regulations. Sergeant Huginin talked
of the work of the state police in
trying to reduce the number of ac-
cidents and assured the Central
Safety Council of the cooperation of
the barracks.

The Central Safety Council will be
composed of approximately 33 mem-
bers, representing civic and industrial
groups of the city. As a means of
accomplishing its purposes, it shall
provide an opportunity for educa-
tional discussion of safe practices, recom-
mending correctional measures and
suggesting disciplinary measures by
organizing, instructing, and inter-
esting all citizens in safe methods of
regulating their conduct with the
greatest degree of safety.

The following will be asked to be
members of the council:

Rumors Hint Of FDR-Jap Premier High Sea Parley

WHITE HOUSE, STATE DEPART-
MENT OFFICIALS DENY
REPORTS VERACITY

WASHINGTON, Sept. 3.—(UP)—
White House Secretary Stephen T.
Early denied today that Premier Fu-
mimaro Konohe of Japan has invited
President Roosevelt to confer on
Japanese-American relations at a
high seas conference in the Pacific.

WASHINGTON, Sept. 3.—(UP)—
The capital buzzed today with discus-
sion of an unconfirmed report that
the Japanese premier, Prince Fu-
mimaro Konohe, has asked President
Roosevelt to discuss Japanese-American
relations with him aboard a
Japanese battleship in the Pacific
ocean.

White House and State Depart-
ment officials disclaimed any knowl-
edge of such an invitation.

White House Secretary Stephen T.
Early, when asked about the report
late last night, conferred with the
President by telephone. Then, in a
conference telephone call to press
association officials, announced that
the only presidential sea voyage con-
templated in the near future is a
week-end cruise "from Annapolis,
down Chesapeake bay and up the
Potomac river to Washington." That
has his only comment.

The unconfirmed report of the
Konohe invitation for a sea confer-
ence, simulating the historic Church-
ill-Roosevelt meeting in the Atlantic,
follows two weeks of important con-
ferences between Secretary of State
Cordell Hull and the Japanese am-
bassador Kichisaburo Nomura.

Last Thursday Nomura, accompa-
nied by Hull, conferred with Mr.
Roosevelt and delivered a personal
message to him from Prince Konohe.
The contents of that note have not
been revealed. At yesterday's press
conference, Mr. Roosevelt declined to
discuss it and referred to the State
Department a reporter who asked
him whether he had answered it.

The report here of the proposed
Roosevelt-Konohe meeting was that
Nomura had submitted it to the
President last week before he deliv-
ered the Konohe note on Thursday.

305,330,000 annually.

CO. COUNCIL HAS SESSION AGAIN TODAY

HELD OPENING DAY'S MEET-
ING AT COURT HOUSE
ON TUESDAY

FEW CHANGES IN BUDGET

Final Action On Various Items Was
Scheduled During Day By
County Board

The Putnam County Council, in its
first day session, Tuesday, made a
few permanent changes in the county
budget which was before it for
consideration and action. Final ac-
tion on most of the items was left
for final action today.

Roy Hillis, a member of the coun-
cil who was delayed in his trip to
Greencastle from the lakes, for the
special purpose of attending the
meeting, arrived soon after the open-
ing. His presence, along with that of
the new member, Fred Boatman,
elected to fill the vacancy left by the
term, raised the council to its
full membership, seven. However, it
is said that Mr. Hillis hears siren-
like calls of the fish even during the
councilmanic deliberations and will
return to the lakes to resume his
angling for them, as soon as this
more serious matter is concluded.

The council this forenoon passed
an ordinance appropriating \$700
from the general fund of the county
to pay court costs arising from pos-
sible litigation arising from budget
reductions.

At the opening of the afternoon
session, today, Trustees Boswell,
of Madison township, and Gardner,
of Russell township, appeared before
the council and discussed the matter
of the salary of the county superin-
tendent of schools. That salary item
in the county budget was reduced,
Tuesday, by the council from \$4,500
to \$1,760. Mr. Boswell stated the
trustees had fixed the salary to par-
allel such salaries paid in nearby
counties, to the school superinten-
dents of those counties. Members of
the council said they had different
figures. Trustee Gardner suggested
a conference of trustees with the
county councilmen, to arrive at a
settlement of the matter.

Subject to change again any time
before adjournment, the council took
the following action on sections of
the county budget:

County clerk, auditor, recorder,
farm agent, coroner, approved.
Treasurer, approved, except cut of
\$25 for postage.
Sheriff, \$450 deducted, on item for
prisoners' meals, and transportation.
Surveyor, approved excepting de-
duction of \$200 of the \$400 asked for
transportation.

County supt. of schools, approved
excepting as to salary.

County assessor, approved excepting
deduction of item of \$50 asked
for pay of help.

Prosecuting attorney, approved,
excepting \$50 asked for travelling
expenses, and deductions for office
supplies and law books.

Circuit court, per diem for special
judges cut to \$150; salary per diem
of probation officer cut \$500; paper
attorney cut off; supplies item re-
duced \$50; furniture and books items
reduced.

Sheriff, salary of jailer cut \$360;
with another item cut \$100.
The welfare board budget was be-
ing considered at 1:30 o'clock.

SURVEYORS REPORT IN DORSETT DITCH CASE

A supplemental report of assess-
ments in the Tom Dorsett ditch mat-
ter, now on the Putnam county trial
docket, was made by Surveyors
Henry A. Blunk and Wilbur F. Smith,
following a meeting with remon-
strants, last month. The changes in
the assessments are due to the drop-
ping of a plan to construct a lateral
ditch, emptying into the main ditch.
Thus, the total assessments of bene-
fits are reduced \$536, which would
have been the cost of excavating 1074
cubic yards of shale rock at 50 cents
a yard, the surveyors' report states.

"The following changes were made
in the assessments of lands, which
said lateral ditch No. 1 was designed
to benefit," in the words of the re-
port.

Lee Lewis, one tract, reduced from
\$263 original assessment to \$197.25.

Arthur R. Sharp, one tract, reduced
from \$256 to \$192.

Tom Dorsett, one tract, reduced
from \$55 to \$17.50.

Wm. H. Heaven, three tracts, re-
duced from a total of \$79.75 to
\$39.57.

Loda Max Heaven, three tracts,
reduced from \$153.25 to \$76.63.

Anell and Lee Lewis, four tracts,
reduced from \$256 to \$128.

Edgar A. Hurst, three tracts, re-
duced from \$105 to \$52.50.

Lottie L. Hurst, reduced from \$40
to \$20.80.

Soviet, Nazis Battle Grimly

FIERCE FIGHTING REPORTED
NEAR Leningrad AND
SMOLENSK

LONDON, Sept. 3 (UP)—Russian
forces are steadily taking the in-
itiative along the eastern front de-
spite a new German threat to Lenin-
grad, military experts said today.

It appeared that from the Smol-
ensk Sector, 235 miles southwest of
Moscow, to the lower Ukraine the
Russian forces were setting the pace.

There were further reports today
that a terrific battle was raging in
the neighborhood of Velikie Luiki,
250 miles south of Leningrad, which
might become a factor in the furious
German attack on the old Czarist
capital.

The central Russian army of Mar-
shal Semyon Timoshenko was re-
ported still driving into the tired
Germans between Smolensk and
Gomel, 120 miles north of Kiev.

These drives were started to re-
lieve the right wing of the army of
the Ukraine under Marshal Semyon
Budenny. But they had developed
into the proportions of a counter-
offensive.

Now Budenny's own men are
thrusting out from the eastern bank
of the Dnieper river, the new Rus-
sian line in the Ukraine.

Military experts said these counter-
attacks apparently were effectively
keeping the Germans from making
any serious attempt to cross the river
themselves or to increase pressure
on Kiev, capital of the Ukraine.

BERLIN, Sept. 3 (UP)—The most
fierce battle of the war is immin-
ent in the Leningrad area as German
forces close relentlessly in on the old
Czarist capital, Nazi informants as-
serted today.

German spearheads were reported
to be within 15 miles of Metropol-
itan Leningrad on the south and in-
formants said the Germans were
waiting only to clear out a "pocket"
of some 70,000 Russian troops be-
fore they made a mass attack which
would bring the main German and
Russian armies of the north into
pitched battle.

It was admitted that the Russians
were fighting fiercely, and inform-
ants said they were contesting al-
most every inch of ground. Never-
theless they said, the Germans were
advancing slowly but steadily, and
were taking the Russians at their
word that Leningrad would be de-
fended to the end.

RAF BOMBERS BLAST BERLIN; OTHER AREAS

GREAT FIRES SEEN IN GERMAN
CAPITAL FOLLOWING BRIT-
ISH RAID

FRANKFURT ALSO POUNDED

Berlin's Second Air Attack In Three
Nights. Anti-Aircraft Gun
Fire Shakes Buildings

LONDON, Sept. 3.—(UP)—Giant
British bombing planes, marking the
second anniversary of the fateful
Sunday on which Britain went to
war in aid of attacked Poland, left
great fires burning in Berlin and over
a wide area of Western Germany
during the night, it was asserted to-
day.

Pilots of the great four-motored
planes which raided Berlin, selected
from the newest types of long range
bombers, reported seeing their bombs
burst among industrial buildings in
the Berlin area and leaving fires rag-
ing as they turned homeward
through blasts of gunfire.

Frankfurt, in the heart of indus-
trial Germany, took a bad punishment,
it was asserted, and heavy forma-
tions of British planes attacked other
industrial targets and railroad
centers.

BERLIN, Sept. 3.—(UP)—Build-
ings shook and windows rattled dur-
ing the night under the blasting of
anti-aircraft guns firing at British
planes raiding the capital area. Other
British formations bombed areas in
Northern, Central and Southwes-
tern Germany.

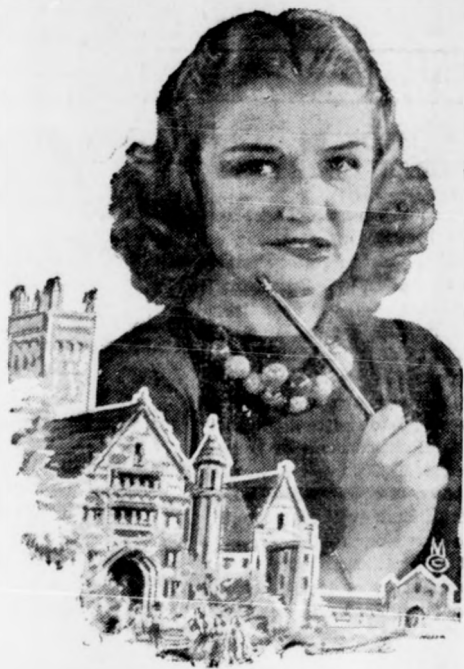

Motors of the big British craft
could be heard over the city over the
terrible din of gunfire.

Searchlights flashed across the
sky and at least one caught a British
plane in its beams.

It was Berlin's second air raid
alarm in three nights. But whereas
on Sunday night, when Russian
planes approached the capital area,
there was no gunfire and the air
raid alarm and the "all clear" alone
marked the raid, this time, there was
terrible fire.

The word, "concentrated," used to
describe the fire in the formal com-
munique, was well chosen.

It was strongly indicated that the
raids on Germany might prove the
greatest of the entire war, and that
the raid on Berlin was a heavy one.

See your PHYSICIAN

WE often counsel our friends to "see a good Physician." We know it's excellent advice. But after all, that's only the first step. Not much use in paying out good money for Physician's fees unless you are going to heed the sound counsel he gives you. Make up your mind now that you'll get well and stay well; that you will "do exactly what your Physician suggests." Yes, we think one of the first things your Physician will tell you is to bring his prescriptions here. It will be expertly compounded as he directs!

ATTENDING CONVENTION

Webb Evans left Tuesday to attend the fourth Annual DeKalb Hybrid Dealers' Convention at Lake Delavan, Wisconsin, on September 4 and 5. On his way to the convention with several other DeKalb dealers, he plans to stop at several of the fourteen processing plants and production areas as well as at several of the experimental fields along the way.

Mr. Evans stated that the convention is an educational one for the 2,000 dealers who expect to attend. The latest developments will be shown in a huge demonstration plot located near the convention site. This plot embodies many of the details in a hybrid corn breeding program.

C. L. Gunn and R. R. St. John will be on hand to discuss the newest developments.

Mr. Evans will have an interesting report to make when he returns from the 1,000 mile trip.

A CORRECTION

It was incorrectly stated in Tuesday's Banner that Walter Heath was removed to his home in the Shannon ambulance after suffering an attack of illness while downtown. Mr. Heath was ill but was not taken home in an ambulance as was reported.
